

A Message from NRLCA National Chaplain Gary Wilder

"We acknowledge the ongoing work of all designations in our craft. You continue to deliver mail and parcels that are vital to this nation. Our prayers have been and will continue to be for you and your families. You are a part of a force that is sometimes overlooked, but you continue because your work is vital and essential. Thank you for your dedication and perseverance. We hope that you will find the wherewithal to keep going as you support your families and serve your customers, and help to sustain the institution which is the United States Postal Service."

Gary Wilder

National Chaplain, NRLCA
