

****URGENT****

Carriers, RCAs and family members of both;

Do you want to be able to buy back your RCA time? From the comments that I have seen on Social Media, I know that you do. You now have the best chance you have had in thirty-one years.

Representatives Derek Kilmer(WA) and Tom Cole(OK) have introduced H.R. 2478, a bipartisan bill “To amend title 5, United States Code, to provide that civilian service in a temporary position after December 31, 1988, may be creditable service under the Federal Employees Retirement System, and for other purposes.”

This is a **MUST PASS** bill not just for our membership, but for all departments of the United States Government that use and abuse part-time workers.

Our National Officers worked for this since the right was stripped from us in the late 1980s. It has been a long hard road but we now must have your cooperation if we are to get this passed. Your Legislative Team has a pre-written letter on the National Website.

There are several items of interest on this page; but you are looking for “**H.R. 2478 Form Letter**”

The letter is compatible with Word. There is also a link on that page to find your representatives’ address if you don’t already have it. This is our best chance in a very long time. To have a chance to pass this bill, we must have thousands of letters from all over the nation as well as phone calls requesting the same. Our members of Congress have done their part by introducing the bill. Now it is up to all us to politely put pressure on our individual members of Congress to get it passed.

My letter was mailed on 17 May 2019. Get yours in the mail as soon as possible.
