

## RRECS Mini Mail Survey to Be Held February 25-March 10

The first RRECS Mini Mail Survey will take place beginning February 25 and will run through March 10, 2023. The Mini Mail Survey is only documenting four (4) items and comprises approximately six (6) percent of your route's evaluation. The other 94 percent is based on the data accumulated all year long through technology (your scans, End of Run (EOR), Safety/Service Talks, and the mapping, to name a few.

Trainings will be set up as soon as possible. [Click here](#) to access our RRECS Mini Mail Survey resource page.
